

Transform Your Natural Substrate to a Value Added Product with Vibrant Colors!

- ▶ **Color Uniformity** — quality and consistent colors from run to run.
- ▶ **Varnish Coat** — add a top coat varnish to further enhance overall color fidelity with higher gloss.
- ▶ **Expanded Color Choice** — with color coated products, you can now offer your customers an additional color beyond your current equipment capability.
- ▶ **Labor Savings** — coated sheets reduce set-up and make-ready.
- ▶ **Material Savings** — reduced material waste in printing make-ready and reduced ink inventory.
- ▶ **Cost Savings** — eliminate the need of expensive printing dies, film and prepress charges.

Streamline your scheduling requirements, with color coated rolls from... I-COAT™

More than just a corrugator!

Color Coatings I-COAT™ — Only From ICI

Your Independent Roll-to-Roll System Coater

We Coat — You Convert OR We Can Corrugate For You!
