INDEPENDENT

Corrugator Inc.

Functional Coatings I-COAT™—Only From ICI

Each I-COAT™ Specialty and Barrier coating delivers unique performance and characteristics compared to conventional applications.

Water Resistance and Moisture

Barrier coatings to protect frozen foods, produce, fruit and other perishables in packaging containers.

Grease and Oil Resistance coatings add protection for machine and automotive parts, dairy and bakery products, meat packaging and prepared food industries.

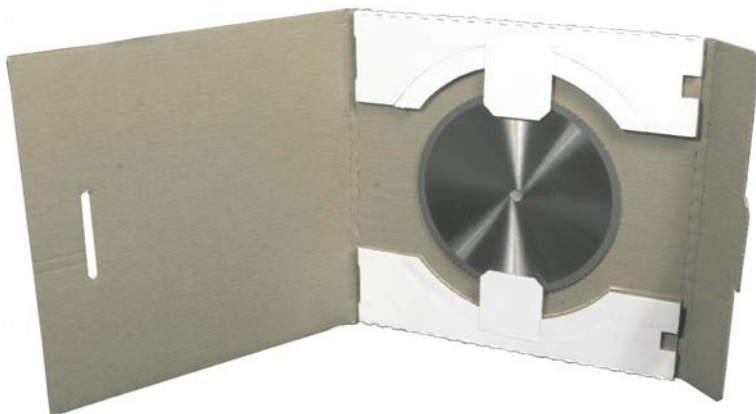

Abrasive Resistance coatings to safe guard fragile materials and other items that may be subjected to scuffing and damage.

Static Dissipative & Conductive coatings for electrical and electronic parts.

Corrosion Inhibitor coatings to protect and preserve machine and automotive parts, electronics and precious metals.
